

# “Put the World on your iPod”

access important information of all the countries  
in the world when ever you like.

## WORLD<sup>view</sup> for iPod

by LONGFINGERS in motion

WORLDview for iPod will help you to find country information when you are on the go. Our WORLD contains 269 countries, territories and important areas in 5 Continents. We have listed 7 more areas/regions under continents just to make it easier to find a location. (i.e WORLD OCEAN and THE ARCTIC REGION)
